

NMIT Kyneton Park Trainers Bulletin

Date: 14th July 2011

Dear Trainers & Riders,

CHANGED CONDITIONS AT NMIT KYNETON PARK

Please note that as of tomorrow (Saturday 22nd Oct 2011) from 7am each morning works will be underway on site in preparation for the 2011 NMIT Kyneton Cup. This means that there will be a higher level than normal of traffic movement in and out of the venue including the erection of varying temporary structures within the main carpark and on the front lawn.

Trainers need to ensure all riders are full briefed that the physical presentation of NMIT Kyneton Park will be changing on a daily's basis from tomorrow onwards up to the end of the bump out which is schedule for Sunday 6th Nov 2011.

Trainers & Riders need to take all reasonable measures to ensure their horses are aware of the changed conditions before any fast work is undertaken and horses are ridden accordingly.

Should you have any queries please call me on 5422 1866.

All the best for the Spring Carnival.

Regards

Mark Graham
Club Manager
